

CODECAMP 2024

We're delighted to tell you that registration for
Kainos CodeCamp 2024 is now OPEN!

The 11th annual Kainos CodeCamp is back with **in-person and virtual events** in the UK and Poland, this promises to be their biggest and best event yet!

CodeCamp is **designed to inspire and empower young people, aged 14-18 years old** to explore the world of technology. During CodeCamp, young people will:

- Gain practical coding experience
- Collaborate with Industry Experts
- Learn about the latest trends in Artificial Intelligence, Machine Learning and Cyber Security
- Connect with like-minded peers and build awesome learning networks
- Get tips to kickstart a successful career in the technology industry

Young people can join in person or virtually, check out the dates and locations below:

- Birmingham: in-person CodeCamp - 5-9 August - [apply here](#)
- Virtual: virtual CodeCamp - 5-9 August - [apply here](#)
- Belfast: in-person CodeCamp - 19-23 August - [apply here](#)

Follow these simple **steps to apply for a place** on any of the locations above:

1. Select the relevant Camp and **submit the application by the closing date** for that camp location.
2. Ensure the application is **completed in full**
3. We'll then let you know if you've been successful in securing a place

To find out more information about CodeCamp, [visit our website](#).

If you have any questions that aren't answered on the site, email codecamp@kainos.com and someone will come back to you.

This placement is being delivered by Kainos and not through Speakers for Schools.
All placement details and applications are managed directly through [Kainos](#).
